Surfside Staffing Launches Web Site to Recruit Therapists Nationwide

SAN DIEGO – August 2, 2007 – Surfside Staffing, inc., a San Diego-based physical, occupational and speech therapist placement company, has launched its first Web site to create an online presence and attract therapists nationwide to San Diego's medical facilities. The company's Web site, www.surfsidestaffing.com, will further enhance the Surfside Staffing network of therapists and medical facilities and provide a resource center for information of interest to therapists seeking per diem work, short-term contracts and permanent placements in Southern California. The company's Web site even includes online applications for new therapists to join the Surfside Staffing network.

"The demand for qualified therapists is steadily increasing and Surfside Staffing is taking the first step in ensuring that Southern California does not suffer a shortage," explained Aryn Valji, president and founder, Surfside Staffing, inc. "The Web site is designed to provide the information and resources needed to foster therapist transfers to San Diego."

About Surfside Staffing, inc.

Founded in 2005, Surfside Staffing, inc., is a therapist placement company dedicated to providing physical, occupational and speech therapists with job options, flexibility, competitive pay and personal relationships. Surfside Staffing offers independent contractor positions for per diem work, short-term contracts and permanent placement throughout Southern California.
